🐙 [github.com/Kreativepardha](https://github.com/Kreativepardha)

## Skills

### Languages:

Typescript, Javascript, Java

### Development:

React Js, Next Js, Recoil, Tailwind CSS, Express Js, Node Js, MongoDB, PostgreSQL, Prisma, Redis, Docker

## Professional Experience

### Typescript Developer Intern, Gamers Tag

09/2024 – 12/2024

- Collaborated with a team of interns to develop the entire company website from scratch for a startup focused on the gaming community.
- Took ownership of major decisions regarding the website's architecture, features, and design in the absence of senior developers.
- Designed and implemented a user-friendly and visually appealing gamers' platform utilizing TypeScript, modern frameworks, and best practices.

### Full-stack Developer, Vishwa Vishwani Institute of Management

06/2024 – 08/2024

- Led the development of a library management system for my college, **managing a team of four developers**.
- Oversaw the project timeline, assigned tasks, and coordinated team efforts to meet project deadlines.
- Developed a **RESTful API** using Node.js and Express.js to handle CRUD operations, user authentication, and other business logic.
- Successfully deployed the system, resulting in a **30% increase in efficiency of library operations**.

## Projects

### Java Microservices Scalable E-commerce Application

Technologies: Java, Spring Boot, PostgreSQL, Kafka, Keycloak

- Developed a scalable e-commerce microservices application using Spring Boot and event-driven architecture.
- Implemented resilience patterns, including circuit breakers and retry mechanisms, to ensure system reliability.
- Designed and integrated event-driven communication between services using Kafka.

### Library Management System

Technologies: JavaScript, React, Node.js, Express.js, MongoDB

- Designed and implemented a responsive user interface using React.
- Oversaw project timeline, task assignments, and team coordination.
- Enhanced library operational efficiency by 30%.

## Achievements

### Founder & President, CodeXP Club, Vishwa Vishwani Institue of Management

11/2024 – present

- Founded and served as President of the first coding club at [College Name], establishing a platform for learning and collaboration in web development and cybersecurity.
- Organized and led coding bootcamps, workshops, and a 24-hour hackathon to foster innovation and hands-on learning among club members.
- Mentored peers in technical domains, providing guidance on web development, cybersecurity practices, and industry standards.
- Spearheaded initiatives to create a thriving tech community, enhancing members' skills and preparing them for real-world technical challenges.

## Education

BS - Computer Sceince, Vishwa Vishwani Institute of Management

2022 – present
